# NATURALS

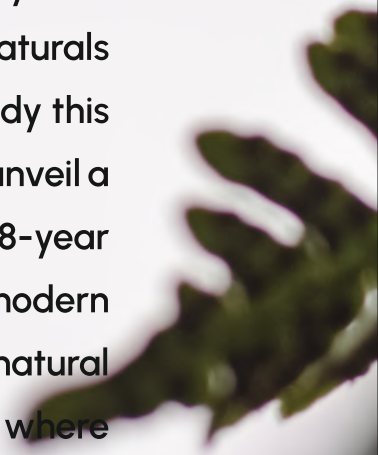

At Revinto Life Science, we have embraced the ancient and revered Indian system of medicine, Ayurveda and its tenets of holistic health and natural wellness with a passion akin to that of a literary master chronicling the pursuit of truth.

Despite our many years in the Ayurvedic industry, we have yet to fully tap into the realm of skincare. For 18 years, we have been steadfast in our pursuit of Ayurvedic knowledge and wellness. But as we delved deeper into the intricacies of this ancient Indian system of medicine, a revelation dawned upon us. The world of skincare, rife with synthetic compounds and empty promises, was in dire need of the natural ingredients and traditional techniques that Ayurveda had wielded for centuries to enhance beauty and promote health.

And thus, we felt the call to bridge this gap, to bring the wisdom of our ancestors to the modern world, and to infuse the skincare industry with the potency of Ayurveda. That is how, the concept of Revinto Naturals came to be - a luminary in the skin care world that would embody this mission. As we stand at the cusp of a new era, we are honored to unveil a line of skincare products that represent the apotheosis of our 18-year journey. Born of ancient Ayurvedic wisdom and honed by modern convenience, our offerings are a testament to the power of natural ingredients and the efficacy of traditional techniques. In a world where artificiality reigns supreme, we have dared to forge a path of purity and authenticity. Free from the shackles of harmful chemicals and preservatives, our products are a celebration of the earth's bounty and an ode to its beauty. As you indulge in the luxury of our offerings, know that you are not only nurturing your skin but also paying homage to the natural world. **Welcome to the world of Revinto Naturals.**

## ANTIAGEING - ANTIOXIDANT-BRIGHTENING

Refreshing Orange face wash contain powerful antioxidants to protect skin against free radicals to slow down the aging process. Vitamin C is a nutrient that stimulates collagen production in the skin to give it a plumper-looking appearance. The anti-inflammatory properties of orange help in healing the swelling and redness around acne. The high citric acid content also effectively dries away the acne in addition to combating oiliness. Vitamin C is known to inhibit an enzyme called tyrosinase, which converts amino acids into melanin, the pigment that gives skin its color. Orange Face wash helps to even out your skin's tone and texture by catalyzing the production of collagen. By restoring the elasticity in your skin, its appearance becomes firmer, while keeping wrinkles at bay. It is also an antioxidant that reverses UV damage and premature aging.
